

Location map

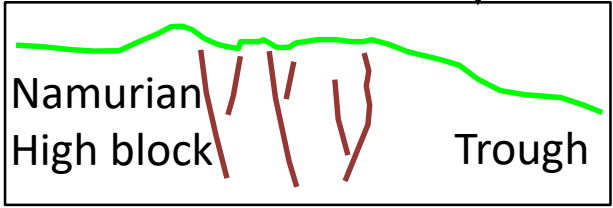

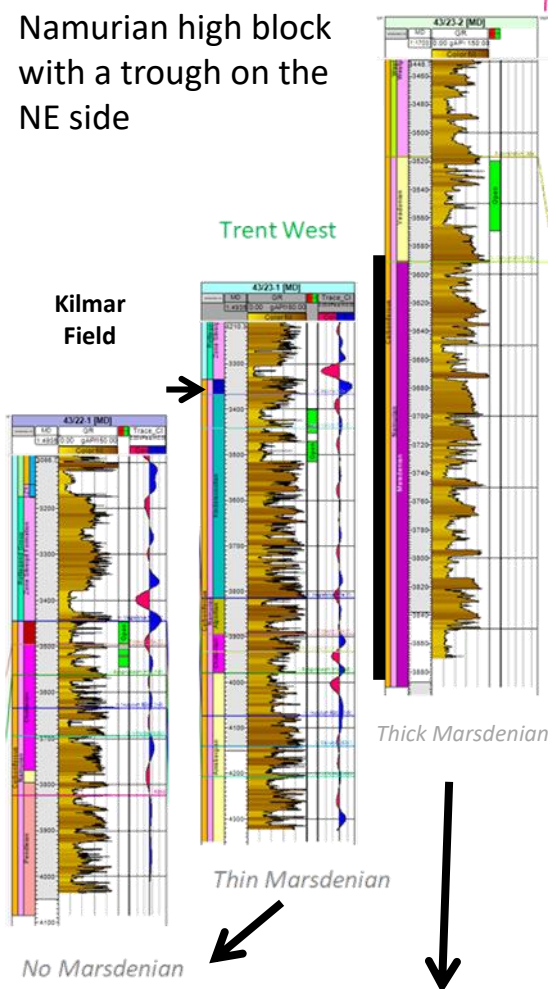

Structure map with polygons

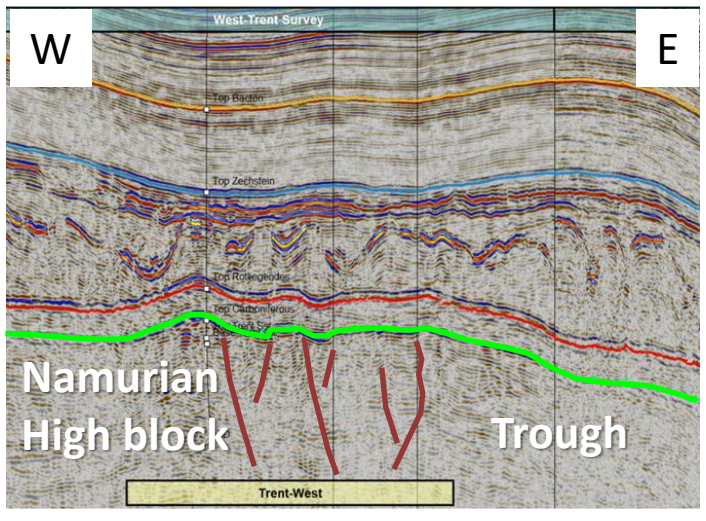

Trent West and Kilmar are on a Namurian high block with a trough on the NE side

Off Trent (NW)

Seismic strike line

Volumetric Input Parameters

Parameter	Unit	Shape	P90	P50	P10
Gross rock volume	Mm3	normal	304.67	418.15	563.70
Net-to-gross	%	normal	80	85	90
Porosity	%	normal	6.7	10	15
Hydrocarbon saturation	%	normal	80	85	90
Gas expansion factor	scf/rcf	triangular	260	265	270
Gas recovery factor	%	triangular	77	82	87

Recoverable Resources

Trent West	Unit	P90	P50	P10
Gas in place	bcf	151	252	422
Recoverable resources	bcf	123	206	348
